

THE QUOTE BELOW CAME FROM BRIAN BAKER REMEMBERING AN INCIDENT IN THE 1940'S

“When a new Case tractor arrived by train for Radtke’s Garage we kids had to climb all over it while sitting by the Zachow Depot. I can still feel the pain when I jumped backwards off the seat and hit my knee on the hitch. I never mentioned it to my parents because I knew I would get a licking. Today we could have sued the C&NW, Radtke’s, and probably Case.”
